Dear Stargroup International:

What a ride!!!

In less than one year I went from local political activist to nationally acclaimed author. I have been reviewed by powerful Newsmax magazine and have made a presentation at the prestigious Society of the Four Arts in Palm Beach.

Stargroup International has changed my life. What I didn't know I had in me has been brought to life by Brenda Star and her publishing cadre. I have a talking website, book signings, media interviews and an Amazon account.

There are many reasons NOT to write a book; time and editing among them. We were start to finish in three months with Stargroup International. The work was intense, but the shortness of the cycle was a very motivating force. The editing was done over many difficult sessions while the artwork and photography were easy. At the end of the day I am a proud author who believes that the best that was in me is now out there for everyone to share.

To Brenda, Shawn, Mel, Jane and Cecile, a sincere Thank You and Congratulations on another successful publication.

Yours truly,

Sid Dinerstein
