COSMETIC DENTISTRY

March 4, 2008

Dear Brenda,

I can't thank you enough for making my book, Amazing Smiles Through Cosmetic Dentistry, a tremendous success. You and your team were great and delightful to work with. Your obvious experience and creativity made the entire process painless. The book itself is beautiful, as I continually get many compliments about how great it looks. You can imagine how surprised I was when I sold over 700 books within the first month of publication!

In addition to sales, my book has opened up many new doors to opportunities that I would have never thought about before.

Again, I must commend you and your very talented and caring staff for helping to make my book a reality.

Sincerely,

Albert J. Kurpis, DDS
